MLS# SOM60323802

\$125,000

Very nice 12.5 acres of land with no restrictions. Located on blacktop with the entrance off dirt. There was a fiber optic tower placed at the very top of this property years ago, with a nice entrance road placed making it easy access for a build. There is an old well and electric available on the property. The well has not been used in many years but is still present. Rural water is also possible. There is evidence of large bucks running through this property and there is a small pond located at the corner. Across the road is a small parcel that completes the 12.75 acres but can be bought separately or this parcel can be purchased separately. Parcel is completely perimeter fenced. Owner financing available with 20 percent down.
