Are You Ready for the Best Off-Water Development Opportunity at the Lake? 53 lots across approximately 50 acres in one of Lake of the Ozarks' premier gated communities a rare large-scale opportunity at a price point that's nearly impossible to find at the lake right now. Off-water is where the real margin lives at LOTO: waterfront pricing has pushed full-time residents, retirees, and second-home buyers inland, and they're looking for exactly this gated security, established amenities, and proximity to the water without the waterfront price tag. Build it out, phase it, or develop spec homes the flexibility is built in. Whether you're a builder hunting inventory, an investor wanting long-term growth, or a developer phasing a full community, the math works.
