3 Bedrooms | 2 Bathrooms | 1,281 Sqft

There is something easier about lake life when the boat slip, the garage, and the house are all in one place. This updated 3 bedroom, 2 bathroom home was rebuilt with long-term comfort, efficiency, and future flexibility in mind and from the moment you walk in, it feels like you already belong here. Updated flooring, paint, siding, and major improvements throughout mean the work is done and the only thing left is to enjoy it. Inside, an additional living space with its own wet bar and bathroom gives everyone room to spread out whether that becomes a second family room, a bunk room, a game room, or the spot nobody ever wants to leave. The detached two car garage handles the lake toys, ATVs, and everything else that comes with living this kind of life. Down at the community dock your 10x24 slip is ready whenever you are, with boat ramp access, trailer parking, and space for ATVs and golf carts right by the water. Early morning fishing trips. Sunset cruises. Weekends that actually feel like weekends. This is the kind of place you stop visiting and start coming home to.
