MLS# SOM60324655

\$45,000

Surveyed 7 wooded acres just north of Humansville awaits you and your vision. Very nice piece of land to develop into a getaway, recreation, hunting, permanent living, or an investment. Several building sites and multiple choices for property entry. Land is covered with a mix of hardwoods and has a wet weather stream dissecting it. Electricity is easily available. There is an old home place located on property. Home is no longer there. There is an old well at the home site, but not useable due to possible age. More land with home and shop adjoining this 7 acres might be available.
