This 3-bedroom, 2-bath home on Nonsuch in Lake Ozark is now available for the first time in many years. The unique upper level is a dedicated primary suite featuring a living area with a stone gas fireplace, a private kitchen, a walk-in closet, a beautiful, updated bath, and a bonus room or office with a built-in Murphy bed and garage access. The main level includes a second gas fireplace, two bedrooms, a bathroom, and a fully updated custom kitchen with granite counters and a walk-in pantry and LVP flooring. Let's head to the dock through the screened porch an out to the no-maintenance decking. At the dock you'll find the covered double PWC lift, two 12 x 28 slips, a storage shed, a fish cleaning station, and a swim platform with wet steps. Enjoy the great view of the main channel and some cove protection. Not in Four Seasons so very rentable. Make some money while you enjoy this home with friends and family. I think you'll want to spend your lake days here or just move here full time. Nonsuch is a cul-de-sac so not much traffic here. See it soon!!!
