\$535,500

90 acres of Prime Income-Producing Farmland. Exceptional opportunity to own highly productive farmland in a beautiful rural setting. This income-producing property is currently planted in a successful rotation of soybeans, wheat, and corn, offering outstanding row crop potential with a proven history of production. This property also features a pond, county road frontage on two sides that provides excellent access for equipment, transportation, and future possibilities. Whether you're a farmer seeking quality tillable acreage, an investor looking to expand your portfolio, or someone searching for productive land with long-term value, this property is exactly what you are looking for.
