Enjoy privacy, space and a convenient location with this 3 bedroom, 2 bath home sitting on just over 3 acres. The home offers comfortable one level living, a large and open living room and a primary bedroom with a private bath. The kitchen appliances will remain, making the home ready for its next owner to move in and begin adding their own personal touches. Outside, the fenced yard connects directly to the home and provides a great space for pets, children or gardening. The 24 x 30 detached garage includes electricity and offers room for parking, storage or a workshop. A new roof adds value and peace of mind, while blacktop access leads all the way to the property. Tucked away with comfortable space between neighboring homes, the property still offers convenient access to the nearby movie theater and golf course, restaurants and grocery store. Some flooring and cosmetic updates are needed, giving buyers an opportunity to make the home their own while enjoying the acreage, privacy and location from day one.
