Looking for an affordable way to enjoy the Lake, here's your answer! Grounds are maintained by the HOA so very little maintenance for you, a 10x24 slip in a community dock with a lift, a wonderful screened porch on the lakeside with shade to enjoy it with a seasonal view! Open deck on the side and part of the lakeside to sit and relax and make your cares go away! The home has 1 non-conforming bedroom (no closet), 1.5 bathrooms, kitchen with stove & refrigerator. The living area is great for multiple sofa beds to accommodate family and guests! Space is well designed. Owners have a cubbyhole box for each person to put their "stuff" in and not have it cluttering the place! There is a community area beyond the community dock for a quiet, safe place for kids and adults to swim or float and has a flat platform to relax in the sun. The roadside deck has a picnic table to enjoy meals or just visit. The lot across the road from the house is just vacant land to enjoy the view and quiet. Doesn't get much easier than this! Put this on your list to view at the lake!
