VIEW, VIEW and MORE VIEW! With 180 degree panoramic views from this elevated location, you can literally see for miles! The open layout and abundant lakeside windows create volume and light throughout the home, and there is ample seating in the large dining space and dining counter in the kitchen. The deck off the living room adds tremendously to outdoor living and dining as it has been recently doubled in size, but both levels offer very spacious decks where you can relax and take in the incredible ambiance of the Lake of the Ozarks! The front yard of this property is expansive and very gentle, so you can easily add a garage, guest house or storage if desired. You will especially enjoy that the property is so close to all the amenities available in Camdenton and Sunrise Beach, and there is blacktop all the way to the home. With plentiful FLAT parking, and newer large decks, you will want to host all your friends and family. The cherry on top is the new tram that has been added allowing this home to enjoy the magnificent views while alleviating any burden of travelling to the dock for your day out on the water. For investment potential, see attached rental projection.
