Wow! Don't miss out on this great home!! Located in a subdivision where the homes are Not on top of each other and a big front yard and just a few minutes from shopping and dining and recreational areas. This home is a 3 bedroom and 3 bath and it could easily be a 4 bedroom by turning the lower-level shop into a bedroom. If you have a few cars or need a lot of storage this is the home. It has a 3 car garage with a large shop area that is plenty big enough to park another car if desired. This home is very well maintained with several updates such as granite counter tops in the kitchen, stainless kitchen appliances, new deck front and back and much more. Tons of additional parking by the garage and the circle drive in front of the home and it all is new asphalt. Better check it out because it may be perfect for YOU!
