MLS# SOM60321391

\$64,900

Only 5 minutes to Bennett Springs State Park and the Niangua River. This is one of the better partials in this area. Offering level building sites as well walk out basement sites. Use it for deer hunting as trails run through the property. The high side has multiple building sites along the main road or off on a cul-de-sac with lots of mature trees scattered. The property drops off into a bottom area which could easily be worked for a food plot. You don't have to worry about dragging your harvest up hill, just drive around to the lower side and drive to it. Great place awaits you and your dreams. The deed also includes a shared property along the Niangua River.
