4 Bedrooms | 2 Bathrooms | 2,202 Sqft

Welcome to your very own slice of lakefront paradise, where the only traffic jam you'll encounter is a line of ducks crossing the cove. This stunning waterfront home on Table Rock Lake offers four bedrooms, two full bathrooms, and enough charm to make even the most stubborn city dweller consider going full-time lake life. This home is being sold fully furnished but we've offered some virtual staging to ignite your inner designer. Step inside to an open and airy floor plan featuring vaulted ceilings, a beautifully updated kitchen with granite countertops, stainless steel appliances (yes, two refrigerators -- because lake snacks are serious business), and luxury vinyl plank flooring throughout. The cozy wood-burning fireplace in the living area is perfect for those cool Ozark Mountain evenings when you'd rather curl up than cast a line. Upstairs, the generously sized primary bedroom boasts gorgeous lake views and walks out to an expansive partially covered deck system -- your new favorite morning coffee spot. A second bedroom and full bath complete the upper level. Downstairs, two extra-large guest bedrooms (non-conforming), guest bath, and a massive family room with another wood-burning fireplace provide plenty of room for visitors who will absolutely overstay their welcome. If you don't seek the extra company - a home office or home
