The largest Residential lot inside the incredibly popular and gorgeous Branson Hills Golf Community! Depending on how you situate your house, you could have views of multiple greens or tee boxes. Facing east, awesome sunrises are abundant. Lastly, if sunrises, greens, tee boxes don't do it for you: you would have a view of one of the largest water features on the golf course. Owners have spent tens of thousands on recent surveys, and partial clearing of the lot. Any type of house you can think of can be built on this 2 acre dream lot!
