Every home has a story -- and this beautifully crafted 3-bedroom, 3-bath rock home is ready for yours. Solidly built and perfectly situated on a rare level lot in the desirable Lakeland Beach subdivision of Hollister, this property blends timeless craftsmanship with warm, eclectic charm showcasing award winning landscaping complementary to the stone exterior. Large Anderson windows fill the home with natural light, while elegant Savannah shutters add a refined touch throughout. The fully remodeled kitchen with Pecan Wood Cabinets & two ovens is designed for gathering and creating, flowing effortlessly into the covered outdoor living space -- perfect for entertaining year-round. On cooler lake nights, cozy up beside the wood-burning fireplace in the inviting main living room. A truly special feature of the home is the dedicated music room, complete with wood walls and floors, double-door entry from the foyer, and access to the second living area -- an inspiring retreat to relax, create, and enjoy the music of life. All three bathrooms have been completely remodeled with spa-inspired finishes, including walk-in showers and a soaking tub you'll love. The upgrades and features on this home feel better than new. Outside, the fenced backyard creates a private oasis with a hot tub, fire pit, koi pond, flowers, and vibrant landscaping designed for
