Enjoy the perfect blend of country privacy and city convenience with all paved roads leading right to your door. As you meander down the asphalt drive, take in the beauty of 33 m/l rolling acres, dotted with two tranquil ponds and bordered by welded steel pipe fencing -- ideal for cattle, horses, a hobby farm, etc. Also on site are a metal hay barn (84 X 60) with tack/storage room) and a metal shop (30 X 40) with concrete floors, electricity and heat. AND THEN WE FIND THE SHOWSTOPPING HOME that's just three years young and offering over 3,700 square feet of luxury living. Exterior combines LP Smart Side Diamond Kote and brick for a stunning effect. Step inside through the welcoming beamed entry into a foyer with stunning countryside views. The living room features a vaulted beamed ceiling, floor-to-ceiling stone fireplace (vented propane) and expansive windows that fill the space with light and scenery. The open floor plan flows effortlessly into a chef's dream kitchen, highlighted by a 5' X 7' matte quartz island with seating, prep sink, five-burner induction cooktop and abundant workspace. Elegant cabinetry combines open shelving, glass fronts and solid doors, all illuminated by over, under and interior cabinet lighting -- perfect for showcasing your treasures. Two walk-in pantries flank the sink area (one currently being used as a small office).
