\$160,000

Have you been looking for a spacious rural tract of ground that provides serenity and seclusion but find your dreams regularly dashed by the expense of a well, septic system and/or lack of necessary utilities? 240 Colton Lane will be the property that solves that cyclical nightmare for the one that jumps early and commits. The property sits at the end of a private lane, features 2 septic systems, rural water, as well as electric on-site and is anchored by a pond in the middle that attracts and sustains various kinds of wildlife throughout the year. Whether you are looking for an investment property that could potentially support multiple rentals or a tract of ground that could support immediate build plans for 1 or 2 homes, 240 Colton Lane is one you shouldn't miss.
