3 Bedrooms | 3 Bathrooms | 1,567 Sqft

A waterfront condo like this almost never hits the market. This rare 3-bed, 3-bath waterfront condo offers one-level living with zero steps from the front door to the dock. All bedrooms are generously sized, with two full en-suites and direct bathroom access from every bedroom an exceptional layout for owners and guests. The primary suite features a huge walk-in shower, adding a luxury touch to the already impressive floor plan. Enjoy two boat slips directly in front of the unit, allowing you to see your watercrafts from inside while the dock sits slightly off to the side, creating unbelievable panoramic lake views that feel like you're sitting right on the water. A beach area lies just off the opposite side of the building, with a wide open cove stretching out in front. Inside, you'll find a large open kitchen, a new deck (2026), and a detached garage the closest one to the unit. Perfectly positioned in one of Osage Beach's most desirable areas, you're surrounded by restaurants, shopping, and conveniences by both land and water. Clean, updated, and steps from pools, beach areas, and the docks a truly rare opportunity to secure a spacious waterfront like this.
