This well designed home offers main level living with the perfect combination of space, comfort and functionality. The heart of the home is the spacious great room featuring stunning dual staircases leading to the upper level creating an impressive gathering place. Off the great room, is the primary suite featuring a versatile bonus room easily adaptable to your lifestyle, maybe a home office or fitness space. The upper level on one side has a bedroom with full bath and on the other side, a second separate bedroom. The spacious kitchen boasts a functional island, new refrigerator, dishwasher and range, making it move-in ready. Just off the kitchen is the 4th bedroom, another bath and laundry area. Recent updates include flooring, carpet and interior painting. There is an enormous covered deck that wraps around the house providing shaded outdoor space protecting you from sun and rain. Outside look for the home's storm shelter along with a 2-car garage and extra parking area, providing ample room for family and guests. Best of all is the impressive 2,500 sf metal building, ideal as a workshop, hobbies or more parking. This unique property delivers space and updates you'll appreciate.
