3 Bedrooms | 1 Bathroom | 1,008 Sqft

Move-in ready & beautifully updated, this 3-bedroom, 1-bath home is ready for you! When you pull into the driveway, you'll love the curb appeal, attractive garage door & inviting front porch on a huge lot with highway frontage. Inside you will find new flooring, fresh paint & a fully remodeled kitchen & bathroom. The updated kitchen comes with new appliances & a convenient pantry for extra storage. Major improvements include a new roof & new septic system. **BONUS...**in addition to the attached main-level garage, there is a second garage on the lower level. Both garages are insulated, heated & cooled, opening up endless possibilities like space for vehicles, a workshop, office or additional living space. The dry basement offers even more potential & could easily be finished into an additional bedroom. The home features over 18 inches of ceiling insulation along with energy-efficient windows, helping keep heating & cooling costs easier on the pocketbook year around. With its 3 bedrooms, remodeled interior, two heated & cooled garage spaces, dry basement, new roof, attic fan, new septic, new appliances, large lot, & highway frontage, this property checks a lot of boxes.
