6 Bedrooms | 7 Bathrooms | 7,610 Sqft

Lodge-style lakefront retreat sitting on over 1 acre with an impressive 276 feet of lakefront. Situated in Four Seasons, this 6 bedroom home features 7 bathrooms with every bedroom but one designed as a private ensuite. The cove location is the perfect blend of water while still capturing wide-open views, with plenty of room to add a pool if desired. Originally built in 1993 and completely renovated down to the studs in 2009, the home showcases hand-scraped hickory floors, a new DaVinci composite slate tile roof, Italian copper gutters, real timber structural posts, rough-cut timber decking, commercial grade water softener system, new Bosch double oven, and ice machines on both levels. The hot tub room overlooking the lake is a must see. Inside also includes an office and private theatre room, while the home comes fully furnished, so you can move right in and start enjoying the lake. The large dock features new concrete tiles along with a 15x48 slip, 12x36 slip, and dual PWC slips to accommodate all your lake needs. A 3-car garage and ample additional parking complete the package. This is a rare opportunity to own a true lakefront estate with acreage and extensive lakefrontage.
