Welcome to your own little piece of the Ozarks! This piece of property feels like it's in the middle of nowhere, but it's only 15 minutes away from all the conveniences of Branson West. Power is available right up to a gravel drive and cleared building sight/food plot to build that dream home or weekend getaway/hunting shack. With no deed restrictions it opens up the possibility to make it uniquely yours. As well as the property boasting a year round pond up top that draws deer regularly. This pond along with the open browse of the cleared area, attracts abundant deer and turkey. At the top of the ridge, you will find primarily oaks and open hardwoods. As you drop down, the next section of the property has thick brush/cedar cover with rock shelving along the way. This then opens up to a grassy/cedar layer that has incredible views of the opposing hillside and valley of Ance (Aunt's) Creek before it drops to the creek bottom itself. With a few fingers and draws that hold amazing rock formations throughout, your sense of adventure and appreciation of nature are never short lived.
