Welcome to your own little piece of the Ozarks! Combined, this 50+- acres provides your very own nature preserve. The feel of being in the middle of nowhere, but less than 20 minutes away from all the conveniences of Branson West. The northern section of this property has power directly to a gravel driveway and a cleared building sight/food plot. Both halves of the property are unique in their own way. The north side starts with open hardwoods of oaks up top, dropping down to a thick, rock shelved mix of cedar and smaller brush. The bottom 1/3 rd reveals a grassy/cedar area that boasts amazing views of the opposing hillside and the valley of Ance (Aunt's) creek before you drop down to the creek bottom itself. The south side is primarily oak hardwoods with a mix of cedar. Power is on the property with an area plenty flat for building. With a little work removing some deadfalls from an old logging road, you can have an UTV trail that takes you all the way to the bottom of the property. The entire piece consists of varied draws and fingers, with beautiful rock outcroppings/shelves/formations. Deer and turkey are abundant throughout. And with no deed restrictions you have greater opportunity to make it uniquely yours. Come claim your own piece of Ozarks paradise!
