MLS# SOM60333577

\$545,000

2 Bedrooms | 2 Bathrooms | 3,600 Sqft

Living near the creek is one thing, living on the creek is completely different...and having 200+ foot of creek frontage with premier fishing and swimming access represents a property that you rarely see come on the market. Welcome to 128 Riverview Drive in Anderson, Missouri where all of that comes to fruition, along with a 3,600+ sq' home and above ground pool that sets the standard for waterfront living and entertainment. Built in the early 1990's this home features 2 bedrooms, 1 bathroom and 2 living areas downstairs; 1 more bathroom and a very large, multi-purpose living area upstairs, that has the potential to be converted to however your heart desires. The HVAC system was installed within the last 2 years, and the roof was replaced 6 years ago, relieving the stress of major expenditures and leaving room for any upgrades/improvements you may desire to personalize this property and truly make it home. Imagine a private creekside property within 1.5 miles of the interstate and roughly 30 minutes from XNA airport, then stop imagining and come take a look.
