Rare opportunities like this don't come around often. Nearly 22 acres of beautiful, open ground with a pond, ideally located just 35 minutes from Springfield and directly on a paved highway for easy, year-round access. This wide-open acreage offers a blank canvas for your forever home -- whether you're dreaming of new construction or a hobby farm - look no further. The pond adds a peaceful focal point and endless potential for recreation, livestock water, or simply enjoying the view from your future front porch. With this much usable land so close to town, and convenient paved-road frontage, properties like this rarely last long. Whether you're looking to build now or hold for the future, this is a chance to secure acreage in a location that's genuinely hard to find.
